## EVANGEL Seminary

**ETS is celebrating its 40th Anniversary this year!**

Over the past 4 decades, Evangel has transformed from a local Seminary into an international ministry, providing solid Biblical training to the next generation of pastors and leaders in developing nations. To date, we have had the extraordinary privilege of training over 1,400 men and women from 7 nations in Africa.

It is estimated that these graduates have started over 2,000 churches, reached over 100,000 people with the life giving message of Christ and created over 4,000 practical programs to serve the basic needs in their communities. .

**This training utilizes Evangel's School of Practical Ministry, (SOPM) program which is offered at no charge to the students.**

These men and women have extremely limited resources and would otherwise have no opportunity for sound, foundational training without the SOPM program.

There is always a waiting list of students who desire to have this instruction.

**Funding for this program is raised here in the U.S., through charitable gifts and events like this benefit golf tournament.**

For more information, on international or domestic programs offered by Evangel, please contact us.....
