### EVANGEL Seminary

ETS is engaged in a great work of training the next generation of pastors and leaders in developing nations. Since 2009, we have had the privilege of training over 1,300 men and women from 7 developing nations. In turn these graduates have started over 2,000 churches, reached over 100,000 people and created over 4,000 practical community ministry programs.

The S.O.P.M. program is provided at no charge from Evangel to men and women who would otherwise have no opportunity for sound, foundational training. It is taught in a highly condensed time frame and there is always a waiting list of students who want this training.

Funding for this program is raised here in the U.S. If you would like to learn more about this program, either internationally or domestically, please contact Evangel
